

*Much more than coffee
100% premium Arabica coffee*

Vittoria[®]
Coffee

Built on its Italian heritage Vittoria Coffee has for nearly fifty years provided connoisseurs with the flavour and aroma they cherish in traditional Italian style coffee.

Sourcing the best 100% Arabica coffee beans from around the world Vittoria experts skillfully blend a range of the highest quality coffee to suit every taste. Beans are roasted and packed in Australia by Vittoria Coffee, which guarantees freshness.

Premium special bar coffee

CINQUE STELLE

Cinque Stelle is Vittoria's premier espresso blend, exclusive to our finest restaurants and cafés. This blend of "5 star" Arabica origin coffees give a smooth, distinctive finish on the palate for the connoisseurs of coffee. Cinque Stelle is a rounded delicate coffee, to suit fine dining.

Available in 1kg beans (with a freshness valve).

Special bar coffee

ORO

A medium dark blend of premium Arabica coffees predominately from Central America, known for their balanced character.

Oro is Vittoria's most popular foodservice coffee blend which produces a fine flavoursome cup with a rounded rich full body. This blend is specifically designed for café style beverages.

Available in 1kg beans (with a freshness valve) and 250 g Ground (vacuum packed).

NERO

A darkly roasted blend of premium high altitude Arabica coffees from Central and South America. Nero is an intense coffee with a full rich flavour and a spicy aftertaste. Good strong espresso taste. Espresso flavour comes through even when milk is added.

Available in 1kg beans (with a freshness valve)

ESPRESSO

Vittoria's Espresso blend creates a traditional Italian-style espresso. As Vittoria's original blend it has remained unchanged since 1958.

Dark roasted to eliminate acidity. Full flavour with a certain bite. 100% Arabica types from Central and South America, New Guinea includes Maragogype, the old bean.

Available in 1kg beans (with a freshness valve), 200g beans, 375g and 200g Ground (vacuum packed).

DECAFFEINATED

A blend of Arabica South American beans decaffeinated by the Swiss Water process without chemicals. This delivers a full flavour with mild smooth taste which is less than 99.9% caffeine free and 100% chemical free.

The secret is the process using water saturated with natural coffee flavour to extract the caffeine from the raw beans, leaving the coffee with all its natural flavours and taste.

Available in 1kg beans (with a freshness valve), 1kg and 200g Ground (vacuum packed).

BRAZIL REX

Medium to dark roast. A blend of Arabica coffees from Brazil and Costa Rica combined with Maragogype beans. Smooth soft flavour. Minimum acidity and bitterness.

Available in 1kg beans (with a freshness valve)
